Welcome to the Second Renaissance

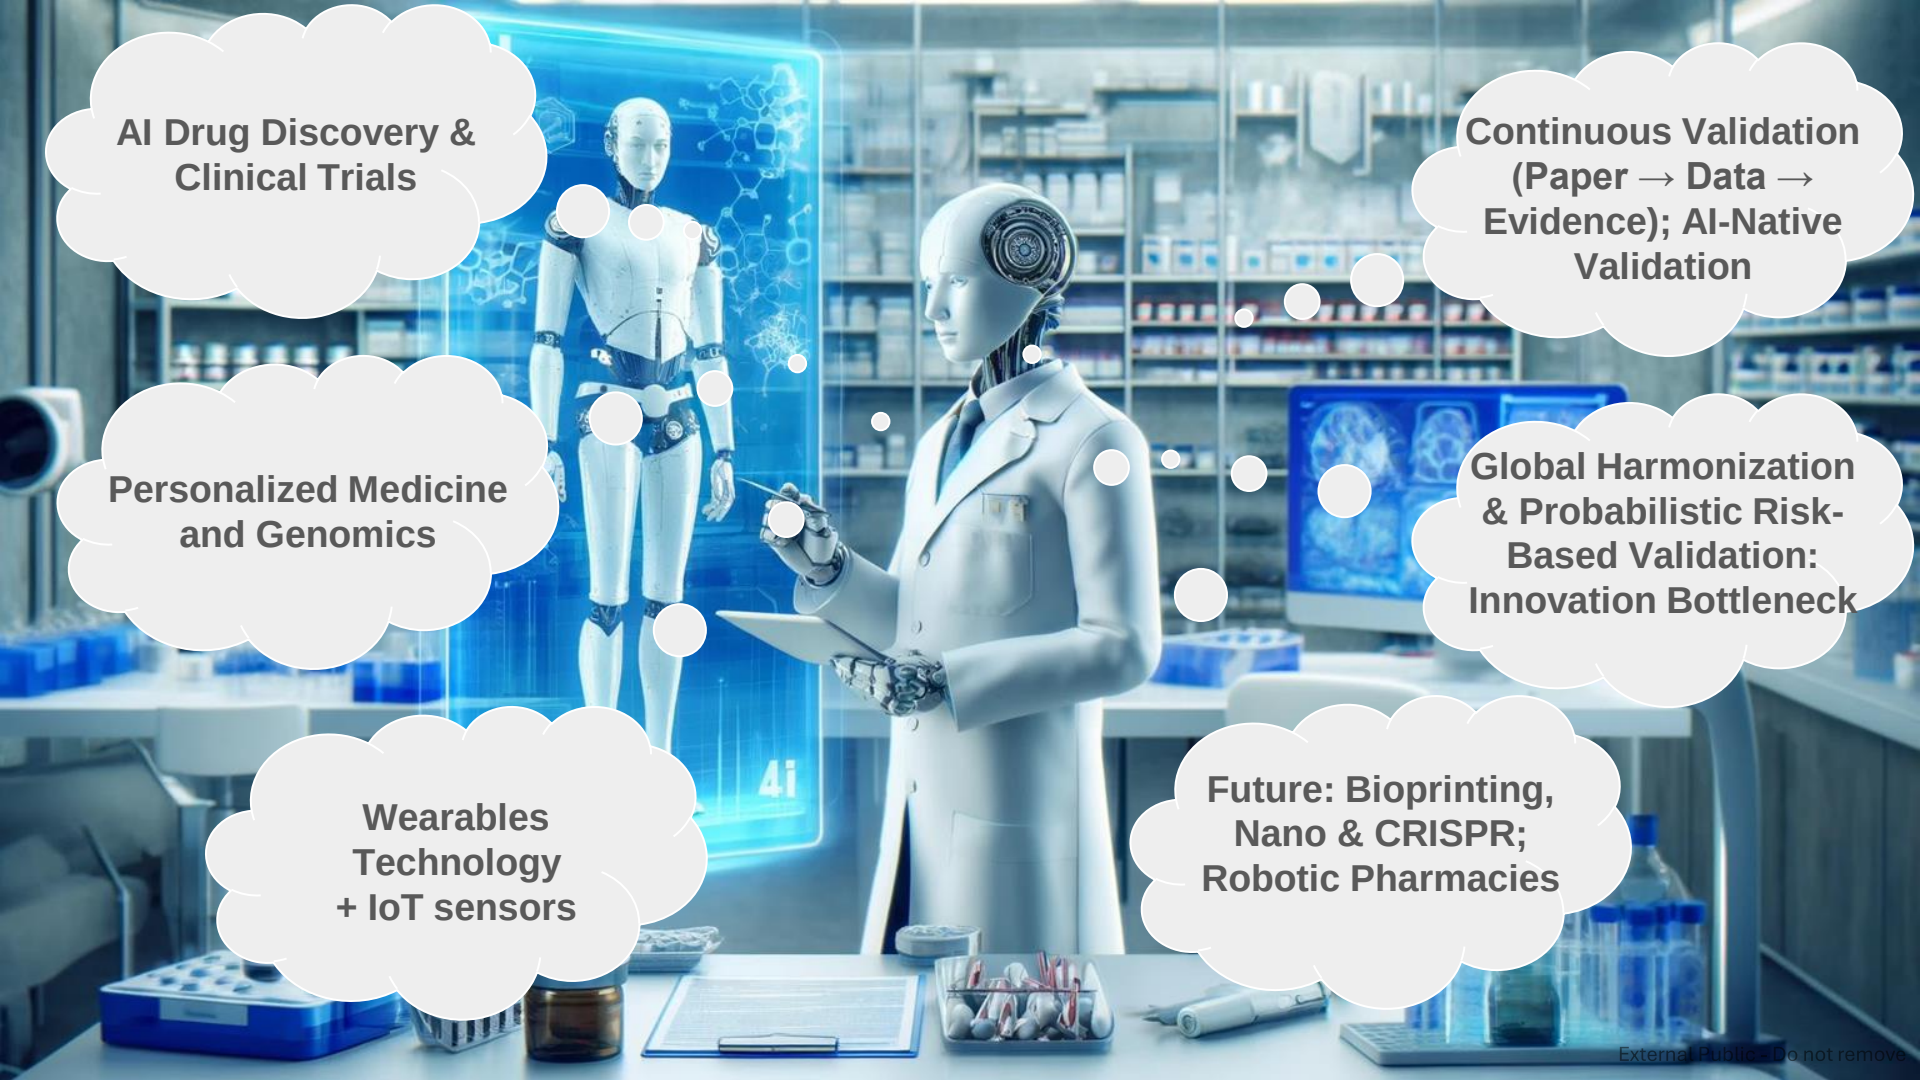

The Future beyond LLMs & GPT: **What's Next?**

The Next Generation: Agentic AI & Employees

**AI Drug Discovery &
Clinical Trials**

**Personalized Medicine
and Genomics**

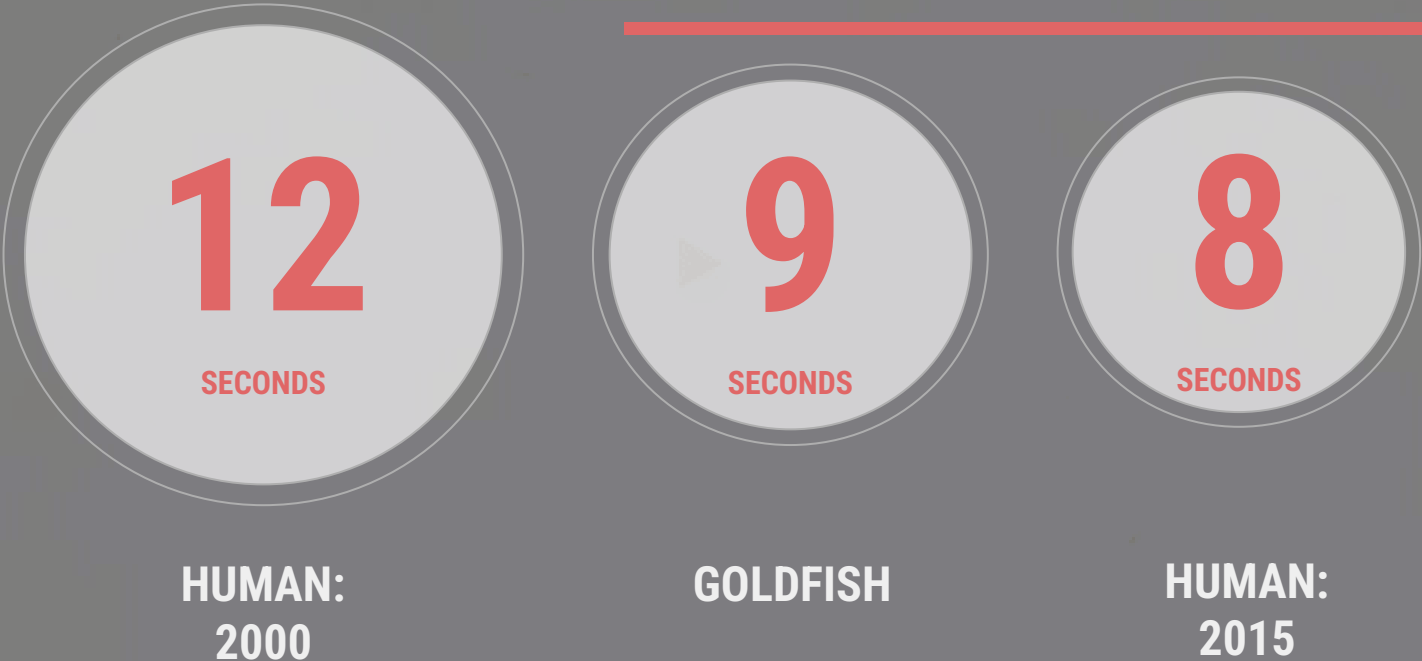

**Wearables
Technology
+ IoT sensors**

**Continuous Validation
(Paper → Data →
Evidence); AI-Native
Validation**

**Global Harmonization
& Probabilistic Risk-
Based Validation:
Innovation Bottleneck**

**Future: Bioprinting,
Nano & CRISPR;
Robotic Pharmacies**

Our attention span is shrinking

The infographic consists of three light gray circles arranged horizontally. Each circle contains a large red number representing attention span in seconds. Below each circle is a label in white text. A red horizontal line is positioned above the second and third circles. The first circle contains the number 12 and is labeled 'HUMAN: 2000'. The second circle contains the number 9 and is labeled 'GOLDFISH'. The third circle contains the number 8 and is labeled 'HUMAN: 2015'. The word 'SECONDS' is written in red below each number.

Why we dislike Change, Risk, and Uncertainty

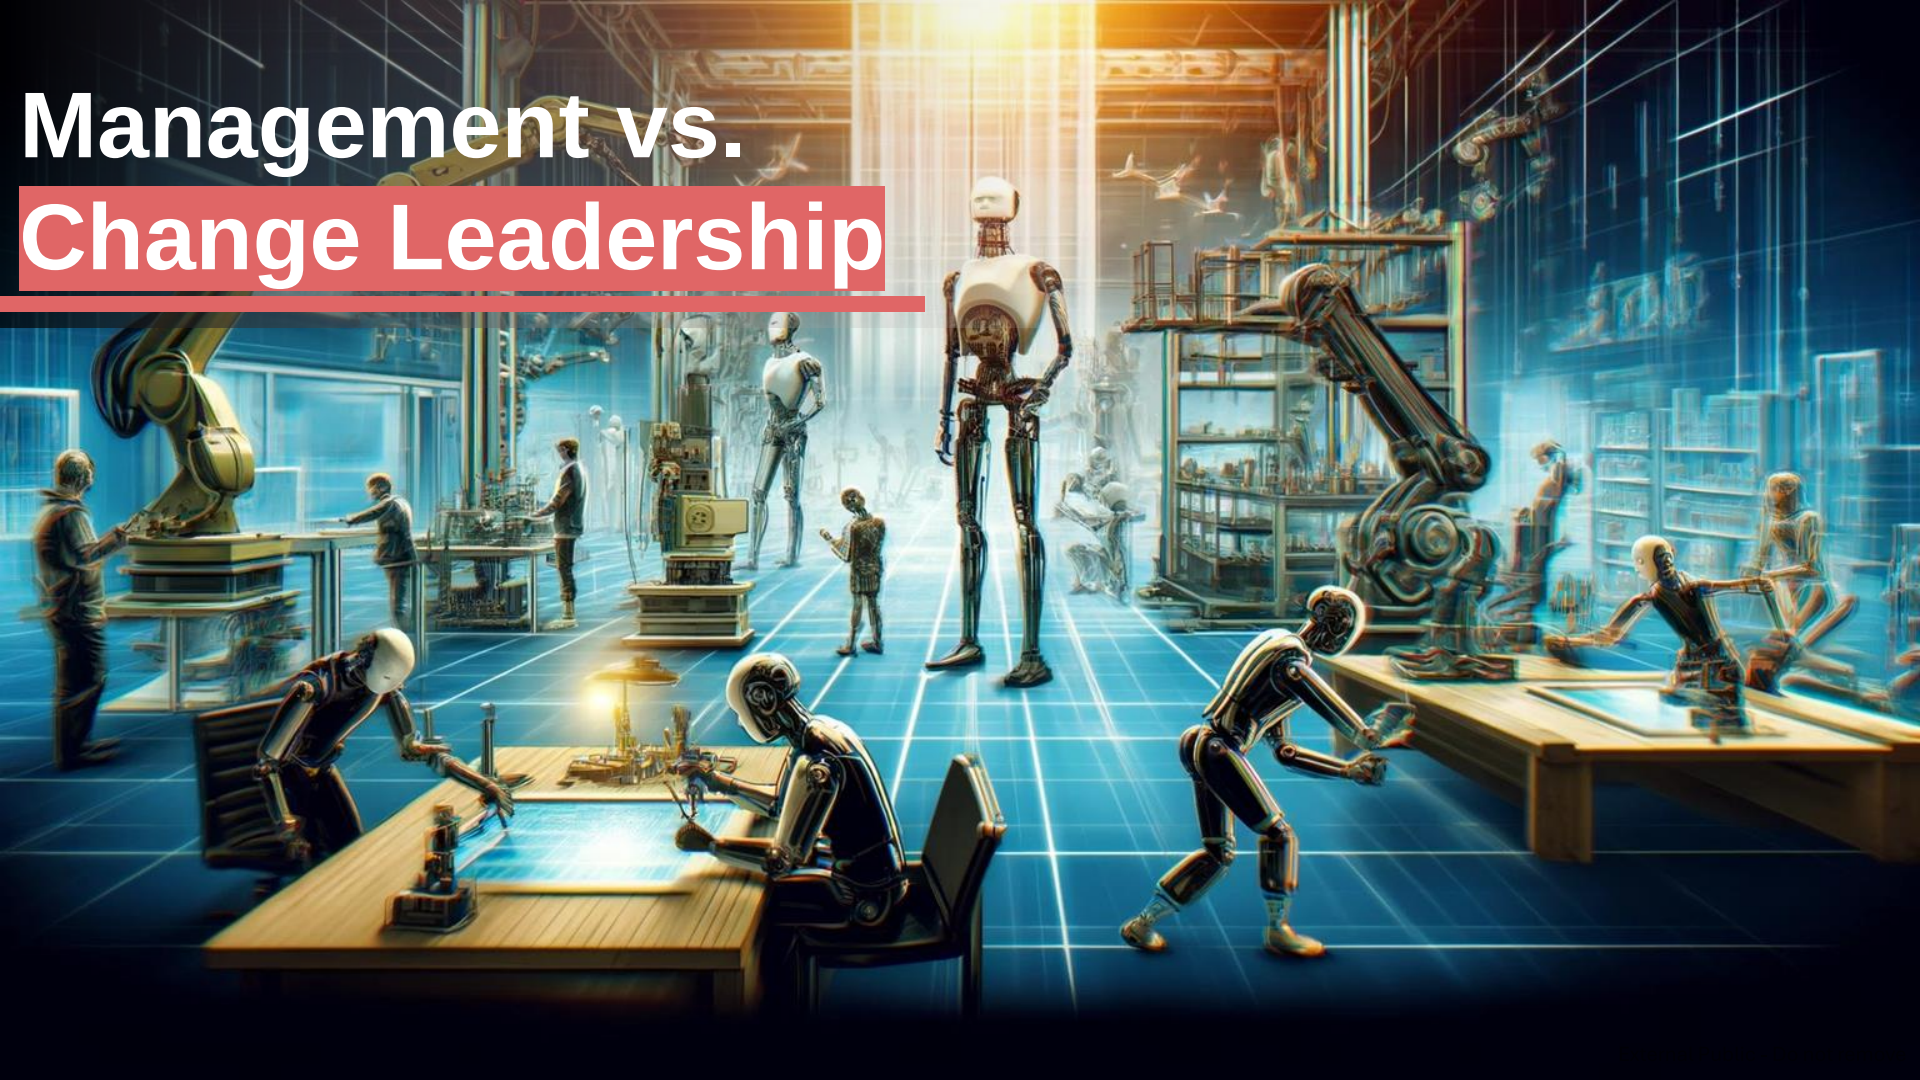

Active brain regions when
Confronted with Change

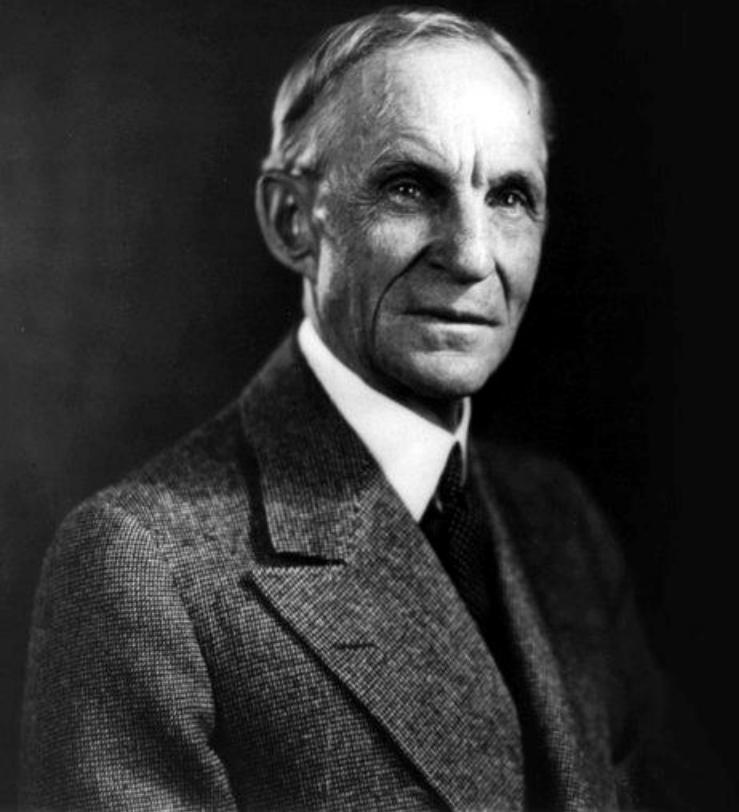

Active Brain Regions
during Innovation & Agility

Management vs. Change Leadership

“IF I HAD ASKED PEOPLE
WHAT THEY WANTED,
THEY WOULD HAVE SAID:
FASTER HORSES...”

Henry Ford

A bald eagle with its wings spread wide, flying over a vast sea of golden, fluffy clouds. The sun is low on the horizon, creating a warm, golden glow that illuminates the clouds and the eagle's feathers. The eagle is positioned in the upper left, flying towards the right. The clouds are dense and layered, with some peaks visible in the distance. The overall scene conveys a sense of freedom, vision, and reaching beyond boundaries.

Innovation Outside The Box
